Manish Sahu

Motivated Software Engineer with around **5 years** of experience in **Web & Mobile application** development. I am passionate about crafting **intuitive UI/UX designs** and delivering seamless user experiences. **Proficient in the entire development lifecycle**, from concept and design to deployment and maintenance. With my strong skills in **React & React Native** along with native **Android and iOS** development, I can collaborate with like-minded professionals to build innovative and impactful digital solutions.

WORK EXPERIENCE

Sr. Software Engineer
Dynamisch IT

12/2021 - 05/2024   *Pune, Maharashtra, India*

- **Led the development** of multiple mobile applications, ensuring smooth performance and a seamless user experience, resulting in **higher user retention and positive customer feedback** .
- **Introduced key features** such as secure login, real-time messaging, and video calling, **enhancing user engagement and app functionality** .
- **Improved app scalability** by enabling seamless access across different locations and enhancing usability with a more intuitive interface, leading to **increased user adoption** .
- **Optimized video conferencing capabilities** , making virtual meetings **smoother and more reliable** , reducing technical issues for end-users.
- Developed a **reliable file management system**, improving document access and **reducing app crashes**.
- **Recognized for outstanding performance** with the **"Programmer of the Year" award** and have successfully **mentored and upskilled a team of four engineers** .

Sr. React Developer
Relive Technology

07/2019 - 11/2021   *Raipur, Chhattisgarh, India*

- **Led the development of multiple digital projects** , ensuring that applications were **user-friendly, visually appealing, and easy to navigate** , leading to **higher customer satisfaction and engagement** .
- **Improved system efficiency and responsiveness** , reducing load times and improving app performance, resulting in **faster transactions and a smoother user experience** .
- **Enhanced data handling and communication processes** , reducing unnecessary system requests and making applications **more efficient and cost-effective** .
- **Developed end-to-end solutions** , ensuring that systems were **secure, scalable, and easy to maintain** , leading to **lower operational costs and improved long-term performance** .

EDUCATION

Master in Business Administration
Shri Rawatpura Sarkar University

07/2019 - 06/2021   *Raipur, Chhattisgarh, India*

- Global Business Management & Public Relation

Bachelor of Engineering
Rungta College of Engineering & Technology

06/2019   *Raipur, Chhattisgarh, India*

- Electronics & Telecommunication Engineering

TECHNICAL SKILLS

React   React-Native   Expo   NextJS   HTML
CSS   TypeScript   Redux   Zustand   NodeJS
GraphQL   Jest   RTL   Detox   Git   CI/CD

PROJECTS

MyStudyManager
- **Led** the **stabilization** and **successful launch** of the mobile app, ensuring a **smooth user experience**.
- **Improved security** and **convenience** by adding **biometric authentication** and **video calling** .
- **Enabled seamless collaboration** by developing a **custom screen-sharing** feature.
- **Optimized** the app's **performance** , leading to **faster load times** and **reduced crashes** .
- **Managed** the **entire mobile release process** , ensuring **timely** and **high-quality delivery** .

RealTime-CTMS
- **Resolved critical bugs** and **improved app stability** , enhancing **user satisfaction** .
- **Facilitated seamless integration** between **RealTime-CTMS** and **MyStudyManager** by working closely with **backend teams**.
- **Mentored junior engineers** , helping them navigate **complex legacy code** and improve **development efficiency** .

Traddle
- **Developed intuitive UI components** and **smooth navigation** , improving **user engagement** .
- **Enhanced app functionality** with **efficient authentication** , **search** , and **filtering features** .
- **Improved app stability** and **user experience** by integrating **real-time chat** and **notifications** .
- **Implemented monitoring tools** to track **performance** and quickly **resolve crashes**.

Case Diary
- **Translated UI/UX designs** into **responsive** and **reusable components** , enhancing the app's **visual appeal** and **usability** .
- **Improved user accessibility** by integrating **Google and Apple authentication** .
- **Developed essential features** like **app updates** , **offline downloads** , and **document viewing** for a **seamless experience** .
- **Managed app releases** on both **Play Store** and **App Store** , ensuring **compliance** and **smooth deployment** .

CG Udyog Niti
- **Led the project end-to-end**, coordinating directly with **clients** to meet their **requirements**.
- **Implemented efficient data storage** and **user query management** , improving the app's **reliability** .
- **Successfully launched and maintained** the app on the **Play Store.**
